Exclusive Offer - Luxury Cars from USA

The company is offering a complex purchasing service of new or as good as new exclusive cars imported from USA, mostly world-acclaimed car brands as Bentley, Ferrari, Maserati, Aston Martin, Lotus, Porsche, Mercedes, Audi etc.

Thanks to our cooperation with an American partner – **ATLAS GLOBAL LOGISTICS LLC (U.S.A)** we are entering American market known for advantageous prices on luxury cars and its variety. In combination with a current strong Czech currency there is a chance to save thousands while importing that way, bearing in mind the EU imposed 10 % duty.

On cars imported a car warranty is being provided, i.e. a car warranty is valid as car being bought inland.

How does it work?

There is only one thing you have to do - just to specify a car parameters, the more accurate the better. Pursuant to your request we are offering a requested car including a complex service linked with its import into the Czech Republic and putting into operation (a sign on, homologation etc.)

Car imports are being realized under concluded contracts (purchase contract, mandatory contract, leasing contract in case of financing etc.) when related financial costs are agreed upon import and operation within the EU.
